Dr. Gaught's testimonial!

After meeting with Renee, I decided to make the difficult leap from associate to practice owner. I could not be happier; she found me exactly what I was looking for! Throughout the entire process, from practice purchase to post-purchase transition, Vickie and Renee were extremely generous with their time and knowledge. More importantly, I could feel that they genuinely had my best interests in mind. I could not have asked for a better group of people to be by my side, and I don't think I could have done this without them. Thank you for everything!
